

School, Talent and Creativity

- 1) 'Valletta Parents Club' can be created, this group delivers all kinds of collective suggestions amongst parents.
- 2) First Aid courses can be provided (First Aid/CPR) in basic learning, extended to adults too.
- 3) Nutrition lessons can be provided, extended to adults too.
- 4) Lamaze Classes - Any mother will be able to find content, teachings, resources to prepare for pregnancy, birth and beyond with a Lamaze certified childbirth educator. This can help mothers learn at their own pace and access classes, this can also be extended to an online service through any device for mothers who prefer to learn virtually or who cannot attend a class in person.
- 5) Additional exercises are provided for children, young people and are extended to parents such as 'Self Defense Classes'.

All this can be done with the cooperation of Valletta School and all Entities connected with these aspects.

With the help of Valletta School, a section of Local Talent is created:

Where we cover all aspects of the talent to be found in the locality. This aid is open to Painting, Singing, Music, Photography, Digital Art, Dance, etc...

A building can be allocated for this purpose, as well as we encourage the platform for the performance. It is not excluded that this building can be used for organisational meetings for Festi, Football, Subbuteo and any City association that needs it.
